What can be said of Randy Triplett?

Creative, fun, visionary, talented, encouraging, efficient, proficient, dedicated, flexible, committed, extraordinary, capable, exceeding expectations, knowledgeable, accommodating, adventurous, imaginative, challenging...

In recent months our church embarked on a new adventure – territory unknown. Our desire was to create environments for our weekend children's ministry that would be attractive, inviting, engaging, stimulating and fun.

Attempting to reach our goal, we began a search for someone to help us to realize our dreams. We had several choices. Our time frame was short and we needed someone who could accommodate our immediate needs. Randy Triplett took us through the entire process from scope and focus, to layout, to product within our short time frame. The care he took in discussing our needs and opening our eyes to the possibilities beyond our initial dreams was refreshing and enlightening. In addition, he made changes along the way as we requested and handled all matters with extreme patience and a willing heart.

Randy put our needs on a fast-track, allowing us to meet our scheduling needs, and yet never compromised the quality nor did he skimp on anything he delivered. We were especially thankful that Randy was able to work with our need to have a certain number of portable components for our changing environments. Wall paintings, 3-D effects, and portable pieces are all outstanding. Everyone marvels over the amazing effects.

Watching the processes of applications and seeing the final results – our people were blown away! Children were wowed! Visitors are in awe. Volunteers love serving in these environments! Randy definitely took us to the next level – holding our hand all the way!

It was an absolute joy to work with Randy through the entire process. We look forward to working with him again as we have additional environmental needs in the future. I highly recommend Randy Triplett and Creative for Kids as a premier environmental needs consultant and artist. He has been a blessing to us. His talent will be a blessing to you!
