

West Conroe
Baptist Church

Dr. James T. Gross
Senior Pastor

To Whom It May Concern:

After years of longing to update our Children's Ministry wing, we were recently able to accomplish the task. Our church contracted with Creative for Kids to remodel both our children's and preschool areas. It was not far into the process that we realized what a blessing they were to our church. During the design phase, Randy guided us through the process of creating a theme that would say who we are and at the same time tell others who Jesus is.

During the actual project, Randy and Ivan became a part of our church family. Answering questions of staff members and curious onlookers all the while transforming our wing into a kid's dream! They remained very approachable and yet very professional.

At the end of the project we held a grand opening and our church body was overwhelmed with the finished product. I will not hesitate to recommend Creative for Kids to any church of any size. We have been blessed!

Sincerely,

Suzy Tarver

Minister to Children/Preschool
